Daily at 4:30 p. m. (Sundays excepted), or upon arrival of trains from the north, and arriving at Reno at 5:30 p. m.

sep 22.

MISCELLANEOUS

STRONG FACTS!

A great many people are asking what particular troubles Brown's IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsey, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

The *Phrenological Journal* declares that whistling is good for the lungs and we know that it will be mighty bad for the eyes of the fellow who tries too much of it around this office.

A mine of meechanies has been discovered in North Carolina. This will be a bonanza to the politicians of that State who are so fond of laying their little pipes.

A man never realizes the littleness of his own abilities so much as when, after blacking his own boots, he is greeted by the first boy he meets with the customary "Shine!"—*Low. Crit.*

WISTAR'S BALSAM OF WILD CHERRY

For many years, and know it to be one of the oldest, as well as one the most.

F. R. WAGGONER
Of Reno.

School Trustee,
W. H. GOULD
Of Reno.

STAND BY YOUR COLORS.

Every Republican in Nevada at this election should stand by his colors, not only in respect to the State ticket, but in supporting the county ticket as well. A better set of candidates has never been submitted. Every one of them is worthy the hearty endorsement of his fellow citizens, and there is not one of them but what will be elected by a large majority if there is the proper spirit manifested. Of those gentlemen who went into the county convention as

HOW NEVADA'S SCHOOL FUND LOST \$1,000,000.

[S. P. Post, October 31.]

The donation by the general government of the 13th and 36th sections of government land to the State of Nevada for school purposes having not proven as satisfactory in a beneficial sense as was supposed, owing to those sections falling in barren mountains and desert plains, the land consequently being unsalable. Congress three years ago, mainly through the efforts of United States Senator Jones, passed an act granting the State of Nevada 2,000,000 acres of other lands, in lieu of those worthless sections.

These acres of lands standing to the credit of Nevada at the present time can be selected and sold by the State authorities and a munificent school fund can be realized from their sale provided her Legislature will pass a law whereby her best lands can be selected and graded.

Soon after the grant referred to was made, the State Surveyor General, A. J. Hatch (who is the most experienced and best posted man on land matters in Nevada), prepared a bill, introduced by Senator Jerry Schooling, of Washoe, the last session of Nevada's Legislature, and known as the Schooling bill, which provided for the selection and gradation of the timber (the most valuable lands in the State), and sale of them according to their marketable value—the common wood land for \$1.25 per acre, the same as for agricultural land, and the best timber land for \$2.50 per acre. At these rates the State school fund would receive, upon the sale of these lands, an average of \$2 per acre, or an aggregate of four million dollars.

The bill passed the Senate by a nearly unanimous vote, but in the Assembly it met the formidable opposition of the member from Nye county, George Ernst, who was also the Chairman of the House Committee on Public Lands. Now Ernst was then, and now is, interested in a wood speculation down in Nye county, and as the provisions of the bill would effectually protect the timber lands selected by the State from predators, it was particularly objectionable to him. At his instance, and through his efforts, the provisions for selection and gradation of timber lands were stricken out.

Thus through the personal business interest taken by the Nye county member, in thus emasculating that important bill, nearly \$1,000,000 is lost to Nevada's school fund.

Mr. Ernst is now the Democratic candidate for Surveyor General of the State of Nevada, and ex-officio State Land Register, an officer who manages the sale of the State school lands, and whose duty is also to recommend to the Legislature such changes and amendments in the existing land laws as will best promote the interest of the State School fund. As a legislator Ernst has not only shown himself unable to honorably avoid acting for his own selfish purposes, but has proven himself an enemy to our public schools, the last of which is probably more in accord with Democratic principles than anything else recently heard of.

The majority of the citizens of Nevada are great admirers of its superior school system, and they believe in fostering and encouraging it in preference to any other of the public institutions of the State. Hence it is believed that the next election day will prove "a very cold day" for Mr. Ernst among the voters of young Nevada.

His opponent, the Republican nominee for Surveyor-General, Charles S. Preble, of the old "Commodore" stock, is a resident of Reno, is a young man, a graduate of the California University, is a thoroughly educated and practical surveyor, a friend of education and good laws and a man of integrity and character. Mr. Preble has had twelve years experience in surveying and land business in Nevada, and will be a fit successor to the present honorable and efficient incumbent Surveyor-General, A. J. Hatch, on the first of January next.

STAND BY YOUR COLORS.

Every Republican in Nevada at this election should stand by his colors, not only in respect to the State ticket, but in supporting the county ticket as well. A better set of candidates has never been submitted. Every one of them is worthy the hearty endorsement of his fellow citizens, and there is not one of them but what will be elected by a large majority if there is the proper spirit manifested. Of those gentlemen who went into the county convention as

delegates and helped to choose the nominees, is fidelity especially expected. While it may be true some of them did not achieve just what they may have most desired in seeing all their favorites nominated, they should bear in mind on their own and their friends' account that this is not the last election to be held. Close up the few gaps, gentlemen, and Nevada, and Washoe county particularly, will give the Democracy a worse licking next Tuesday than it ever got here before.

Information from all sections show that the Republicans are going to come out of the fight next Tuesday with a nice majority. The indications are that every candidate on our legislative and county ticket will leave his opponent from 150 to 200 votes behind. The Democrats seem to have discovered the handwriting on the wall, and their hearts are in their boots.

Every Republican on the ticket should be true and work for the success of the ticket as a whole, and not allow himself to work in his own interest to the detriment of other candidates. A man who trades other candidates to secure votes for himself is not worthy the name of Republican, and should be defeated.

Remember that G. W. Sawyer is a candidate for short term Commissioner. Mr. Sawyer is a thoroughly honest man. He has a knowledge of what is expected of a Commissioner and will perform the duties of that very important office with zeal and fidelity.

Washoe county never had a more faithful officer than Dan Boyd, and Republicans should see to it that he is re-elected. Every taxpayer in the county knows that every dollar paid into the Treasury will be honestly accounted for by Boyd carries the key to the vaults.

The Carson Appeal hits our beloved Jewett the hardest blow of the campaign. This is the clip:

"The man who travels through Nevada counting upon a lack of intelligence upon the part of his hearers, is adopting a dangerous method of electioneering."

The Democratic scow "Fizzle," Captain Jewett Adams, will start on a trip up Salt River next Wednesday.

EASTERN DISPATCHES.

A Mob Endeavors to Rescue Prisoners, and Come to Grief.

CINCINNATI, Nov. 1.

A Cattiesburg special says: Trains going from this place to Ashland last night were searched by a mob for the prisoners Neal and Croft. The streets were strongly guarded by military last night. The military and prisoners started for Lexington this morning.

LEXINGTON KY., Nov. 1.

The troops guarding Neal and Croft, while on the way to the steamer Granite State, were attacked by a mob. The prisoners and troops got safely on board, when the mob seized a train and headed off the boat at Ashland, Kentucky, where another attack was made. The troops returned the fire again and a number of the mob were killed and wounded. So far as known but three of the troops were wounded, and they but slightly. Private dispatches received in this city place the number of killed at five and the wounded at thirty. The steamer Granite State has passed Portsmouth, and unless fog prevents will reach Maysville to-night, where the prisoners will be transferred to the railroad, to be taken to Lexington.

Governor Hendrick's Condition.

INDIANAPOLIS, Nov. 1.

The physicians of ex-Governor Hendricks report that the disease does not seem to be spreading.

The conditions are decidedly more favorable, and the doctors are more encouraged than at any time since the disease appeared.

Henry George Satisfied.

NEW YORK, Nov. 1.

Henry George writes that he neither entertained nor expressed any intention to bring a claim against the British government for his arrest in Ireland, and adds: "So far as I am concerned the expression of regret which the British Government has made is sufficient vindication of the principles for which I contend."

Reno Evening Gazette

THURSDAY NOVEMBER 2, 1882

PERSONALS.

W. H. Davenport of Eureka is at the Palace.

Mr. Dean Hatch came from the West to-day.

United States Marshal Corbett was in town last night.

Hon. C. S. Varian will speak at Silver City to-night.

Bishop Whitaker and wife returned from below this morning.

Hon. S. C. Wright and wife, of Carson, arrived in Reno this morning.

Mrs. Allen C. Bragg has returned from a three weeks' visit to California.

Messrs. H. M. Yerington and D. A. Bender have returned from their trip south.

Arthur Brown, master mechanic of the Central Pacific, was in town this morning.

J. A. Fillmore, General Superintendent of the Central Pacific, came up on the morning train.

Captain Matt Canavan is now able to move about the house. In a few days he will be out again.

W. D. Epperson is in from Wadsworth. He will complete his contract for grading the round-house lot about the first of next month.

Senator Fair last Monday received a telegram from Munich announcing the arrival there of J. G. Fair, Jr., and Joseph Marks.

Herbert Thrall resumed work to-day on the V. & T., having been compelled to lay off a few days owing to the illness of his wife.

Geo. C. Thaxter & wife came up on the morning train. Mr. Thaxter made the best score at the Shell Mound Park last Saturday ever made by any man on this coast.

NOTICES.

Bring in your orders for ballots.

Go to Glendale to-night. Dance.

Lots of snow in the mountains last night.

It snowed nearly all last night between Alta and Boca.

Judge Webster's youngest daughter is down with scarlet fever.

This office is prepared to print election ballots at the shortest notice.

Florida water and bay rum at Nasby's. Thermometer at 7, 9, 11, 1, 3—42, 52, 54, 57, 58.

It is proposed to get up an excursion to Virginia next Saturday evening, to hear Senator Jones speak.

Henry Morris objects to the statement made in last evening's GAZETTE. He was not sold out, but still "holds the fort."

To-morrow night there will be a lively time at Antelope. Ride out on the N. & O. and enjoy yourself for a few hours.

The eastward-bound overland was three hours late this morning. The delay was occasioned by an unusually heavy train.

The N. & O. is laying a track from the main line to the freight depot, which will save considerable work in handing things.

The Enterprise says things are now so shaping themselves along the Comstock that there is a chance for quite a lively little rattle in stocks after the election.

A candidate to be successful should see to it that voters are supplied with the necessary ballots. The GAZETTE presses are run by steam, and will turn them out for you in short order.

A futile attempt was made to get up an excursion party to Carson last night to hear Senator Jones speak. D. A. Bender ordered a train to be in readiness at 6 o'clock, but no excursionists appearing, the train was drawn off.

Concert at the Congregational Church To-Night.

The concert at the Congregational Church last evening was well attended and the receipts were very encouraging to the ladies who got it up. All who attended were well pleased. Another good house to-night will enable the ladies to pay off their debt. The concert this evening will be particularly attractive. Following is the programme:

Solo Richard Jose
Reading Miss Hattie Lewis
Duet May and Jessie Finlayson
Duet The Little Workers
Solo Miss Leah Fredricks
Recitation Mr. Parker
Song (in character) Julie Wintermantel
Recitation Bertie Palmer
Solo and Duet Katie Kinkade
Recitation Mrs. Stoddard
Solo Mrs. F. Bell
Admission 25 cents.

The Glendale Ball.

There will be a grand time at Glendale to-night. All the young men and their girls are going, besides a good many middle aged and some old folks. It is a pleasant ride, and there will be a good time. Go!

RAILROAD SALARIES. What Vanderbilt Pays His Trusted Employees.

The salaries of employees on the Vanderbilt roads are as follows: Engineers receive 8 cents per mile and firemen receive just one-half that rate. Passenger conductors are paid \$80 per month, and in some instances \$10 more. As the engineer has control of the brakes, the old-fashioned brakemen are displaced by "trainmen," who help ladies to seats and also assist them in coming and going. These men receive \$50 per month, but the man on the last car has \$5 additional, as his responsibility is greater. In case of any delay he must go on the track to flag approaching trains, and may be left behind. Baggage-men are paid \$60, though in some instances, where the route is of unusual length, it is increased to \$70. Station agents are paid \$60 per month, and ticket agents (except in cities) \$50. This class is the poorest paid of all railway officials, as they are closely confined and serve long hours, but there are so many women ready to accept such work that women's pay becomes the standard. The train boss is paid \$45 per month, while switchmen and flagmen have only \$36, and yet this is one of the most responsible positions on the road.

Truckee Items.

[From the Republican of Nov. 1.]

The property holders of Truckee are taking steps to ferret out the origin of the late fire.

The Truckee Hotel, one of the oldest and best-established places in this town, has been transferred by Mr. Moody to Stewart McKay.

While a number of children were playing on the piazza of Hugh Darrah's house, Saturday afternoon last, the little 5-year old son of John Cox fell off to the ground, a distance of several feet, and broke one of the bones of his left arm between the wrist and elbow.

Clark Wilcox met with a severe accident Monday evening while at work in the Truckee Lumber Co.'s saw mill. He was at work on the rip saw, when it ran into a knot and the board flew to pieces. One large piece struck Mr. Wilcox in the right side and knocked him senseless. He remained unconscious for nearly half an hour.

A select company assembled at the residence of J. J. L. Peel last evening, the occasion being the wedding of E. J. Dyer to Miss Lelia Peel.

Weather Report.

Yesterday, reports from the mountains showed the temperature at Truckee to be 40 degs., Summit 30 degs., with light snow; Cisco 30 degs., with two inches of snow having fallen during the night, and at Emigrant Gap three inches. At Gold Run rain fell during the latter part of the night. At 10 o'clock A. M. another fall of snow was reported from Truckee; Summit, wind southwest, three-inch fall of snow, drifting badly, barometer having risen to 22.98, temperature 39 degs.; Cisco, four inches of snow.

Robbery at Blue Canyon.

The safe of S. C. Jordan, proprietor of the Blue Canyon Hotel, was robbed of \$800 Tuesday morning between 12 and 2:30 o'clock. The barkeeper was about the office and bar-room all night and the safe was locked and combination on. It is a mystery to everyone connected with the house how the robbers could have opened the safe and extracted the money without being detected. Suspicion points to two traps who called at the house during the night.

Pyramid District.

Wm. R. Chamberlain was out to Pyramid yesterday. He thinks there are wonderful possibilities in the camp. The ore he brought in, taken from croppings, would attract attention anywhere. The veins are monstrous and the conditions favorable. It is singular that Pyramid District has not attracted more attention.

Sam Davis as a Public Benefactor.

The Carson Appeal says so: Yesterday the editor of the Appeal was pulled into the Sheriff's office and compelled to disgorge \$75, or go to jail for assault and battery. This is a bigger contribution to the school fund than all the Democratic editors of the State put together have donated during the present campaign.

The Man Who Will Get Left.

The Eureka Leader says: "Jewett W. Adams, who will be beaten for Governor of Nevada by about 1,250, arrived Saturday night. He finds the fences in bad condition." From this one would infer that several large numbers of voters had broken out of his corral, over east.

The Shooters.

The gentlemen who composed the Nevada shooting team came up this morning. The boys carried their horns with dignity. They may well feel proud, having beaten, by large odds, the hitherto best marksmen of the coast, and perhaps of the whole country.

Our Next Attorney-General.

Judge W. H. Davenport is in town, making friends wherever he goes. He is pleasant and affable, but one of the most positive men imaginable. The office the people desire him to fill should be occupied by just such a man.

THE EARTH'S SISTER. The Only Inhabitable World of the Universe.

Venus is becoming more and more brilliant as the evening star, throwing her fiery neighbor Mars completely in the shade. In the telescope she now resembles the moon when it is a little past half full. Through the Autumn she will continue to grow more and more brilliant, until she appears as a thin crescent, a silver bow. Then she will disappear as a star, to reappear on the 6th of December as a black dot on the sun. At that time she will have to face such a bristling array of telescopes as we probably never before turned upon a celestial body. Everybody will want to have at least one good look at Venus upon the sun's disc, for all the world will be talking about it, and neither we of this generation nor our children, and but few of our grandchildren, will behold another transit of Venus, for the next will not occur until the year 2004.

The Poison Fiend.

W. L. Bechtel had a valuable dog poisoned last night. It was confined in the yard and seldom allowed to go out. The wretches who administer the poison seem to choose the best dogs to operate upon. No doubt there are lots of worthless curs that could be well spared, but the loss of a good dog is noticed by its master. It is safe to say that if the poisoner is detected he will have to submit to sudden punishment.

Sudden Death.

A dispatch from Lewis Junction, Lander county, states that a boiler explosion occurred there last Tuesday night, killing Thomas G. Bastian. Mr. Bastian was well known in Virginia, having left there only last August. He was a brother-in-law of Robert Ruhut, of that place. He was also well known in Reno, where he has many friends.

A Puff For Preble.

The Enterprise gives our next Surveyor-General this friendly lift: C. S. Preble of Washoe county, Republican nominee for Surveyor-General, was on the Comstock yesterday. He is a most sensible and capable young man.

There is no nonsense about him, and he makes friends wherever he goes.

Carson Republicans.

The Republican meeting at Carson last night was a rouser—the largest of the campaign. Senator Jones spoke, and, as usual, compelled everybody to listen to him. Governor (by a big majority) Strother made a sensible speech, convincing many that they ought to vote for him.

FREDRICK & HASTINGS.

TICKETS

Inclosing
October 27th \$2.00.

"What is that mother?"
 "It is a Wild mill, my boy.
 It turns with the breeze, for the wind it's a toy.
 It grinds grain for this man, it grinds for that,
 But for real old value it's no worth an old hat.
 It who lies and scratches and rattles away,
 And reaches snatches for what'er will pay.
 Its arms are spread out from its rusty old journal,
 It looks like a spook, or something infernal.
 It wiggles and giggles and tightens and slackens,
 While its owner goes crazy on paper greenbacks."

"Of what use is it, mother?"
 "No man can give answer to that, my boy.
 It brings no happiness, it brings no joy;
 It is a standing nuisance, a lasting shame;
 It merits no notice, it's not worth a name.
 It serves only to show you this, my son,
 What a social pest a man can become."

The boy ejaculates:
 "If that's all it is I don't care a d—
 I thought it was something else than a sham."

CHARLES ZIEGLER, WHOLESALE AND RETAIL

POLITICAL

REPUBLICAN PLATFORM.

RESOLVED. That the honor and glory of the Republic, its continued peace, prosperity and progress will best be served by the perpetuation and continued success of the Republican party. We do further declare that the principles as expressed in the Chicago platform of 1896, and as further embodied in its great history from its organization to the present time.

RESOLVED. That in the tragic death of President Garfield our country has suffered a terrible loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

RESOLVED. That we have faith in the prudent and sagacious administration of President Arthur, and support it heartily in promoting the best interests of the country.

RESOLVED. That the presence in our midst of so many of able, honorable and assimilating with our institutions, is a perpetual menace to all classes of society. The relief extended to one people by the passage of a law excluding the Chinese by a Republican Congress is a good cause of assistance. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

RESOLVED. That we recognize the paramount importance of a mail system maintained upon the scale of the State. We shall defend it against sectarian, political or other improper influences, and we favor such further legislation as will condition and wants of the common schools of the State upon the public school system. It should be conducted so as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

RESOLVED. That owing to the remote position of most of the sea-board and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will protect the people in their equality of expense to transportation charges with communities specially favored by railroad monopolies.

RESOLVED. That we pledge the Republican party of Nevada in such a course of enlightened legislation as will extend to railroad and other corporations doing business in this State the same protection and the same rights before the law as is accorded to individuals—no more and no less. And further, that the Republican party favors and demands at the hands of the State Legislature legislation regulating the equalization of rates and fares on all railroads within this State.

RESOLVED. That we are in favor of the government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

RESOLVED. That it is the duty of the Legislature to enact such laws as will result in the purification of the jury box and better protection of the administration of justice.

RESOLVED. That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of State and county governments to the lowest possible limit, consistent with the requirements of the Constitution.

RESOLVED. That the earnest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may best be promoted.

RESOLVED. That the appropriation by a Republican majority in the Legislature of funds to pensions to invalid Union soldiers and to the veterans of the Mexican war is the direct, any, a debt of honor and law—generous remembrance of our country's defenders in its supreme hour of trial.

RESOLVED. That the judgment of this convention of the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of the State; that in providing for such convention well-guarded restraints should be placed on the power of the Legislature, their compensation, and fixing the duration of its session; that we believe such a convention is imperatively demanded by the urgent necessities of the times, and among others for the calling of a national convention to change the fundamental laws so as to secure as nearly as may be the equal and uniform taxation on all property subjected thereto; second—to regulate and render equal and just all the rates of passage and freights upon all railroads doing business in this State, so that our leading industries may be fostered and not oppressed, built up and not overthrown; and third—to secure the reduction of the expenses of the State to the minimum by dispensing with unnecessary expenses and employing more speedily and economical the collection of public revenue, and the general administration of justice.
